

My name is Mary Herbst. This will be my tenth year teaching and my sixth teaching Middle School Math at St. Dominic Catholic School. I was raised in Mobile, Alabama and went to Catholic schools growing up. I have a Bachelor's Degree from Catholic University of America in Washington D.C. and a Master's of Arts in Teaching from Spring Hill College.

Math and Religion are my favorite subjects. I have had the honor and pleasure to coach our Scholars' Bowl and Magnus Math Club teams.

My husband, Rob, and I are the proud aunt and uncle to 12 nieces and nephews. In my free time I love to read, travel, and craft.
